Coaches can find the online entries at www.pttiming.com. From the website, navigate to the Schedule page, find the meet, and click on the meet name. From there, you will see the link to the online entries. This year, PT has moved to using MileSplit for entries as the WIAA is trying to move towards a unified entry process across the state. If you have not registered for a meet yet on MileSplit, you will need to create a login for yourself and put in a request to "claim" your school's account. Be aware that this can take up to 48 hours. However, they generally process claim requests within an hour or two. You will only need to do that part the first time you register for a meet on MileSplit. Once you have access to your team's account, you will be able to go in and place your entries. If you have any questions with the entry process, you can contact support@milesplit.com. They are generally pretty quick to respond.
